

## RFX CUSTOMERS

The background of the advertisement is a dark blue image of the Earth from space, showing the curvature of the planet and the outlines of continents. Overlaid on this image is a complex network of thin, white, glowing lines that connect various points across the globe, symbolizing global connectivity and a network of relationships.

# TRUST

Great business begins with strong relationships. Since 1952.

# ABOUT RFX

**RFX Global Companies excels at providing customized transportation services to industries of all types. Whether you need to ship refrigerated, dry, or specialized equipment across the nation or around the world, our logistics support has the perfect fit for your line of business.**

Strong family values have shaped RFX over these years to become a versatile, reliable multi-modal transportation service provider to our customers every day. Contact us and learn more about the RFX difference.

Started August 11, 1952  
by Thomas E. Welby, Sr

1960: Marion M. Welby  
ran RFX for 18 years

1981: Tom Jr. took over  
as president and CEO

2000: President & CEO  
Jim Morse

## A "Customer-First" Commitment

RFX Global Companies consists of two separate corporations. RFX, Inc., a licensed transportation intermediary, and Refrigerated Food Express, Inc., a trucking company. Both companies are run by a strong management team committed to the values of hard work and respect. Whether it's our personnel at the corporate headquarters, the staff in the customer service offices around the country, or the independent operators on the road, we are experienced professionals who are committed to honesty, fairness, and quality transportation service.

To find out how RFX can benefit your company, please click the Contact Us or the Customer Profile Form, and someone will be in touch with you to discuss your specific needs.

### Industry Specific Solutions

Specialty food manufacturers  
Supermarket chains  
Retail  
Perishable & non-perishable general commodity manufacturers  
Construction & industrial

With billions of pounds of freight being moved each year in the United States, we bring the type of quality and reliable transportation service that leading companies have come to rely on. All shipments are handled through our customer service offices and monitored in LoadMaster, our integrated software system.

As one of the nation's most trusted and capable providers of freight management, we're committed to bringing you the most reliable transportation service as we continue to improve and grow as we move toward the future.

## Refrigerated Food Express, Inc.

Refrigerated Food Express, Inc., is a common and contract motor carrier offering trucking services. Nationwide Truckload service is offered for Vans and Reefers. We also offer Perishable LTL Service, Warehousing & Distribution.

## RFX Inc.

RFX Inc., a licensed transportation broker, was the FIRST TIA member with a \$250,000 Surety Bond to protect carriers and shippers from non-payment or double payment. Most transportation brokers-95% of them, in fact- only maintain a \$75,000 Surety Bond. This additional coverage is part of the Transportation Intermediaries Association "TIA Performance Certified" Program. RFX is proud to be an elite part of the 3PL industry by making the additional investment and offering that layer of payment protection. RFX arranges for truckload, LTL and intermodal service via Reefers, Vans, Flatbeds, RGN, and Drop Deck Equipment.

# INTERMODAL

RFX Inc. offers brokerage service for multi-modal truckload solutions that provide cost effective, outstanding customer support, truck-competitive transit, and a broad lane network with flexible service options. Technology advancements and recent investments in domestic rail infrastructure have reduced transit times and dramatically improved truck-rail intermodal service capabilities. Intermodal transport also offers sustainability benefits in terms of reduced carbon emissions. When flexible transit options exist, why not take advantage of the benefits offered by the railroads in both long haul and regional intermodal corridors?

## Visit our website at [www.rfxinc.com](http://www.rfxinc.com) to see our full Intermodal reach

RFX Inc. is positioned to transfer the economic and environmental benefits of intermodal transport to its customers through the application of excellent customer service, extensive knowledge and experience, integrated technology, and strong relationships with channel partners. Since 1987, RFX has been a leader in all modes of transportation, and we look forward to working with our customers to design innovative, balanced solutions that optimize cost, service, and speed.

The advantages of RFX Intermodal include:

- Extensive 53' intermodal container service network throughout the United States, Canada and Mexico
- Access to more than 85 intermodal ramp origins and 1500 regular door-to-door intermodal lanes
- 20', 40', 40' high cube and 45' domestic container service
- Competitive pricing via direct contracts with all Class 1 railroads
- Long-term rate stability and consistent capacity
- Door-to-door, ramp-to-ramp, and customized rail solutions
- 24/7 customer support and shipment tracking
- TMS coordinates shipment tracking through all transport modes, EDI capable
- Mode selection analysis and rail logistics consulting
- Over-the-road truck service to supplement intermodal service
- Cross-border and customs service
- RFX Inc.'s sister company, RFX Intermodal Division is an Asset-based drayage carrier division with contracts directly with UIIA

# LOGISTICS

**Logistics is the essential lifeblood in any operation. Simply stated, it refers to the materials your company deals with, and getting them to where they need to be. In any industry, time-sensitive deliveries become essential to the smooth functioning of your operation. Our freight management logistics services are designed to carry out your operations as efficiently as possible—saving you time and money in the long run.**

We provide full service transportation management systems specifically designed to solve your transportation logistics challenges. By working with established brokers like RFX, you can extend the reach of your freight deliveries—be it across state lines or through international distribution. Earn more customers by connecting with streamlined channels that allow you to deliver more aggressive provisioning.

## On-Demand Transportation

On-Demand Transportation is a logistical service that coordinates the mechanics of freight transportation on a per-shipment basis. One important advantage of transportation on demand is a more efficient management of funds if you're not looking for a "whole-solution" logistics package at this time.

## Our Logistics Management Services

When you work with RFX Global Companies, you can look forward to one-on-one attention and a service package that includes the following logistics services:

- Planning
- Procurement
- Execution
- Administration
- Technology
- Supply Chain Visibility
- Communications
- Consultation
- Quoting
- Financial Settlement
- Auditing
- Tracking
- Customer Service
- Issue Resolution
- Expertise
- Negotiations

All shipments are handled from our customer service offices which we monitor through LoadMaster, our integrated computer system.
